this handbook aims to provide a unique and convenient one volume reference work exhibiting the latest interdisciplinary explorations in this urgently burgeoning field of intellectual and practical importance due to its immense range and diversity environmental politics and theory necessarily encompasses empirical normative policy political organizational and activist discussions unfolding across many disciplines it is a challenge for its practitioners let alone newcomers to keep informed about the ongoing developments in this fast changing area of study and to comprehend all of their implications through the planned volume s extensive scope of contributions emphasizing environmental policy issues normative prescriptions and implementation strategies the next generation of thinkers and activists will have very useful profiles of the theories concepts organizations and movements central to environmental politics and theory it is the editors aspiration that this volume will become a go to resource on the myriad perspectives relevant to studying and improving the environment for advanced researchers as well as an introduction to new students seeking to understand the basic foundations and recommended resolutions to many of our environmental challenges environmental politics is more than theory alone so the handbook also considers theory action connections by highlighting the past and current thinkers activists social organizations and movements that have worked to guide contemporary societies toward a more environmentally sustainable and just global order chapter eco anxiety and the responses of ecological citizenship and mindfulness is available open access under a creative commons attribution 4 0 international license via link [springer.com](http://springer.com)

now more concise the fourth edition of louis p pojman and lewis vaughn s the moral life an introductory reader in ethics and literature brings together an extensive and varied collection of eighty four classical and contemporary readings on ethical theory and practice integrating literature with philosophy in an innovative way the book uses literary works to enliven and make concrete the ethical theory or applied issues addressed in each chapter literary works by camus hawthorne huxley ibsen le guin melville orwell styron tolstoy and many others lead students into such philosophical concepts and issues as relativism utilitarianism virtue ethics the meaning of life freedom and autonomy sex love and marriage animal rights and terrorism once introduced these

topics are developed further through readings by philosophers including plato aristotle kant singer and sartre new to this edition are readings by james rachels alasdair macintyre samuel butler bertrand russell james q wilson john corvino and stephen nathanson this unique anthology emphasizes the personal dimension of ethics which is often ignored or minimized in ethicstexts it also incorporates chapter introductions study questions suggestions for further reading biographical sketches of the writers and an appendix about how to write a philosophy paper

what s good on tv understanding ethics through television presents an introduction to the basic theories and concepts of moral philosophy using concrete examples from classic and contemporary television shows utilizes clear examples from popular contemporary and classic television shows such as the office law and order star trek and family guy to illustrate complex philosophical concepts designed to be used as a stand alone or supplementary introductory ethics text features case studies study questions and suggested readings episodes mentioned are from a wide variety of television shows and are easily accessible offers a balanced treatment of a number of controversial ethical issues including environmental ethics animal welfare abortion homosexuality capital punishment assisted suicide censorship and the erosion of values includes a companion website at [whatsgoodontv.webs.com](http://whatsgoodontv.webs.com)

featuring new selections chosen by coeditor lewis vaughn the third edition of louis p pojman s the moral life an introductory reader in ethics and literature brings together an extensive and varied collection of ninety one classical and contemporary readings on ethical theory and practice integrating literature with philosophy in an innovative way the book uses literary works to enliven and make concrete the ethical theory or applied issues addressed in each chapter literary works by camus hawthorne hugo huxley ibsen le guin melville orwell styron tolstoy and many others lead students into such philosophical concepts and issues as relativism utilitarianism virtue ethics the meaning of life freedom and autonomy sex love and marriage animal rights and terrorism once introduced these topics are developed further through readings by philosophers including plato aristotle kant nozick singer and sartre this unique anthology emphasizes the personal dimension of ethics which is often ignored or minimized in ethics texts it also incorporates chapter introductions study questions suggestions for further reading and biographical sketches of the writers the third edition brings the collection up to date adding selections by jane english william frankena don marquis john stuart mill mary midgley thomas nagel judith jarvis thomson and j o urmson it also features a new chapter on euthanasia with essays by dan w brock j gay williams and james

Doyle's ideal for introductory ethics courses the moral life third edition also provides an engaging gateway into personal and social ethics for general readers

For faith's defenders the Christian apologetic mission offers a comprehensive exploration of the crucial role of apologetics in the Christian church it examines the foundational beliefs historical challenges and modern day threats to Christianity while providing a detailed overview of apologetics from early Christianity to the present the book emphasizes the need for respectful and intellectually rigorous strategies to engage with contemporary culture address doubts and reinvigorate faith drawing on insights from renowned defenders of the faith it highlights the importance of apologetics in strengthening the church's witness and fostering meaningful dialogue making a compelling call for the church to present the gospel with confidence clarity and compassion you can find the paperback version on Amazon [amzn to 4jisdjr](#)

Bioethics: Principles, Issues, and Cases explores the philosophical medical social and legal aspects of key bioethical issues opening with a thorough introduction to ethics bioethics and moral reasoning it then covers influential moral theories and the criteria for evaluating them integrating eighty-nine readings twelve of them new to this edition numerous classic bioethical cases and abundant pedagogical tools this text addresses the most provocative and controversial topics in bioethics what is especially appreciated by instructors and students is that in the main issues chapters chapters 3-11 Vaughn opens each chapter with a very substantive introduction to the issue before diving into the readings no other text provides the wide array of pedagogical features that help engage students and bring the material to life a variety of boxes that offer interesting facts legal issues etc sections on applying major theories lists of key terms chapter summaries and a variety of cases many of them real cases taken from the news and questions on those cases

The Ethics of Campus Conflicts is a contemporary moral problems textbook that focuses on controversial issues relevant to college campuses it is a hybrid of running text elucidated by passages from relevant readings readings taken from books and essays by commentators who have studied and sometimes been party to the campus controversies featured in the book

Bioethics tells a heroic story about its origins and purpose the impetus for its contemporary development can be traced to concern about widespread paternalism in medicine mistreatment of research subjects used in medical experimentation and questions about the implication of technological developments in medical practice bioethics then began as a defender of the interests

of patients and the rights of research participants and understood itself to play an important role as a critic of powerful interests in medicine and medical practice autonomy and the situated self argues that as bioethics has become successful it no longer clearly lives up to these founding ideals and it offers a critique of the way in which contemporary bioethics has been co-opted by the very institutions it once sought with good reason to criticize and transform in the process it has become mainstream moved from occupying the perspective of a critical outsider to enjoying the status of a respected insider whose primary role is to defend existing institutional arrangements and its own privileged position the mainstreaming of bioethics has resulted in its domestication it is at home in the institutions it would once have viewed with skepticism and a central part of practices it would once have challenged contemporary bioethics is increasingly dominated by a conception of autonomy that detaches the value of choice from the value of the things chosen and the central role occupied by this conception makes it difficult for the bioethicist to make ethical judgments consequently despite its very public successes contemporary bioethics is largely failing to offer the ethical guidance it purports to be able to provide in addition to providing a critique this book offers an alternative framework that is designed to allow bioethicists to address the concerns that led to the creation of bioethics in the first place this alternative framework is oriented around a conception of autonomy that works within the ethical guidelines provided by a contemporary form of virtue ethics and which connects the value of autonomous choice to a conception of human flourishing

philosophy and theology are important concepts for Christians this important work identifies how philosophy shapes theology while also addressing various philosophical issues that arise within the Bible and theology the hope is that this book will catapult the reader into critical thinking while creating an appetite and appreciation for these separate yet similar disciplines

palliative care within mental health ethical practice explores the comprehensive concerns and dilemmas that occur surrounding people experiencing mental health problems and disorders working beyond narrow stereotypical definitions of palliative care as restricted to terminal cancer patients this balanced and thought-provoking volume examines the many interrelated issues that face the individual families and caregivers setting the groundwork for improved ethical relationships and interventions chapters by experts and experienced practitioners detail the challenges concerns and best practices for ethical care and responses in a variety of individual and treatment contexts this is an essential and thoughtful new resource for all those involved in the fast-developing field of

palliative mental health
